What's so good about obedience training?

Obedience training is one of the best things you can do for your dog or puppy and yourself.

Obedience training is the foundation for solving just about any behavioral problem.

Obedience training can enrich your owner/dog relationship and make living together more enjoyable.

Good instructors know how dogs think and teach you to communicate with your dog in a way that your dog understands.

A well trained dog comes when it is called, walks nicely on a lead and doesn't poop in the house or chew the furniture!

A well trained dog is also more confident and not aggressive around people and other dogs.

How much does it cost?

New members pay a once only \$5 joining fee and a \$20 annual membership fee. *

Then it's just \$5 per night, per dog. *

A 2 month puppy course is \$40 for puppies 3 to 6 months of age. *

Why is it so affordable

We are a not-for-profit organization run by volunteers. Our membership fees pay for basic running costs only.

When can I start?

There is a new member introductory night on the last Friday of every month (except December).

ALL DOGS AND PUPPIES MUST BE VACCINATED.

Certificate of vaccination is required when signing up or on the first night of training.

* Additional packages for family are available, see our web site for further details.
